Nathalia Cruz – Employment Reference

To Whom It May Concern:

Nathalia Cruz started working with us at Oktobor Animation in January 2011.

Nathalia has been wonderful to work with. She is at the top end of productivity in our studio (in terms of frame counts), has been a solid animator and has proven her value across several different shows for us – including the Nickelodeon shows The Penguins of Madagascar, the new Nickelodeon show Robot and Monster and in her last month or two some Kung Fu Panda (Legends of Awesomeness).

Nathalia has been a popular part of what is a young and vibrant Studio culture. She has made a number of both personal and professional connections during her time here that I'm sure she will maintain as she moves on from her time here.

We could always count on Nathalia to get through her work to deadline and most of the time she over-delivered on that. Through her efficiency and diligence she provided us extra resource to get last fixes or straggling shots done on every episode she worked on.

Nathalia is a very diligent and hard worker. Her productivity and attitude were held in high-regard by a great many in her department and the wider studio.

It is with great sadness that I write this reference for Nathalia. I know that she will succeed wherever she chooses to go and look forward to staying in touch with her in the hopes that she will someday find her way back to us here.

Yours faithfully,

Fraser Clark
Senior Producer
Oktobor Animation
